CAREER OBJECTIVE

Motivated and detail-oriented engineering student with knowledge of HTML, CSS, JavaScript, React, and REST APIs, seeking an opportunity as a Full Stack Developer to build scalable web applications and enhance technical skills while contributing to organizational growth.

INTERNSHIP

FullStack Development Intern – Inlighn Tech

June 2025 – September 2025

- Assisted in building and testing web application modules.
- Worked with modern web technologies and responsive layouts.
- Improved problem-solving and project development skills.

EDUCATION

Bachelor of Engineering (B.E) – Computer Science and Engineering
Indira Institute of Engineering and Technology
2023 – 2026

SKILLS

Communication
Teamwork
Critical thinking

Time management
Leadership
Adaptability

PROJECTS

Blockchain Medical Supply Chain System

- Developed a blockchain-based application for secure medicine supply tracking.
- Implemented smart contracts for transfer approval and supply verification.
- Used Ganache, Truffle/Hardhat, and MetaMask for blockchain testing.
- Improved transparency and security in medical supply chain management.

Smart Service Booking Platform

- Developed a web-based booking platform for managing customer service appointments.
- Built responsive frontend interfaces using React, HTML, CSS, and JavaScript.
- Integrated REST APIs for booking management and user interactions.
- Designed admin and user dashboards for efficient service handling.
